DEPARTMENT OF VETERANS AFFAIRS

1102 Quince Street, Box 41150 • Olympia, Washington 98504-1150 • 1-800-562-0132

May 1, 2015

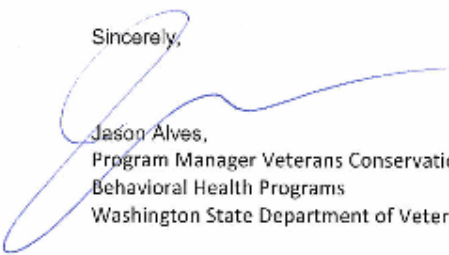

To whom it may concern;

The Veterans Conservation Corps (VCC) as part of the Washington State Department of Veterans Affairs (WDVA) is in full support of the efforts to increase access to outdoors and opportunities for veterans by the organization Save LBA Woods. The VCC sees great opportunity to engage veterans in the south sound as well as revitalize and preserve much needed natural spaces. The VCC seeks to partner with Save LBA Woods to offer a veteran workforce the opportunity to restore some portions of the LBA Woods.

The VCC has a mission to assist veterans with their transition into civilian life through Eco-Therapy opportunities and direct connection to the outdoors, it is with this that the VCC sees incredible opportunity at the LBA Woods to implement and accomplish these goals. The VCC supports the SAVE LBA Woods mission to restore, preserve, and conserve the LBA Woods.

Please feel free to contact me (360) 725-2224 or email me at Jasona@dva.wa.gov if you have questions.

Sincerely,

Jason Alves,
Program Manager Veterans Conservation Corps/Vet Corps
